Isle of Man Amateur Radio Society

Minutes of the Committee Meeting of Friday, 9th October 2026.

The Meeting opened at 19:29 BST using WhatsApp.

Apologies: Robert GD0GGO in Canada.

Present: Richard GD8EXI, John GD0TFG, Stuart GD0OUD, and Keith GD5IOM

Secretary's Report

Held over till next month

Treasurer's Report

Total at Bank:	£4,936.09
Repeater Fund:	£462.83
Club funds:	£4,473.26
Cash in hand:	£12.00

No new members joined

Chairman's Report

The attendance at the Creg meeting on 24th September was disappointing, hopefully only because it was the day of the general election.

The antenna testing night on the 7th October proved successful, we even managed to test some antennas for 70MHz in the Hall. The highest gain antenna measured was a 10 ele PowAbeam on 144MHz with 12dBd gain, a figure very similar to that quoted by the manufacturer. One lesson for the next evening is to use a dipole at the far end of the hall, not a small Yagi. The club does own a few dipoles.

Club Projects

- Possible collaboration in receiving Pulsar's with the IOM astronomical society was discussed following the circulation of a draft response prior to the meeting. It was decided to delay the talk from Andy Windslade till after we had had further discussions. Richard to make contact with Andy and Mike Newby. Talk from Andy now tentatively at the end of November not October.

- Prototype 144 and 432MHz dual band LNA with bandpass filters has been built and looks promising NF <0.3dB and >20dB gain on both bands. Still more bits to arrive for 1296MHz, to attempt to make a triband version.

- How do we get the members using the now static "mobile shack" near Foxdale? Keith will try using it to see if there are any unexpected issues like high noise on site. It was noted it is close to Soloman's Corner IO74QD which is a popular /P site for some members, so coordination needed.

Upcoming Events

October to December:
29 October – Creg social meeting.
4 November – VHF contest seminar: Run by Richard GD8EXI a RSGB VHF contest committee member. Post meeting note, Carl G0KPE visiting the Island has offered to give a short talk about the new RNLI repeaters on that night as well.
26 November – Annual Dinner or Pulsar talk. To be confirmed ASAP.
2 December – AGM in Ballasalla.

Any Other Business

None

Next Meeting

Friday, 13th October 2026 to be confirmed.

The Meeting closed at 20:21 BST.
