A modest sum was raised from the sale of surplus coax, ribbon and antenna wire.

Chairman's Report

Most of the Ultraflex 7 has been sold only about 20meters left but still plenty of ribbon feeder and Kevlar reinforced antenna wire for sale. We also have about 75metres of UR58 for sale which will be advertised in the next newsletter at the bargain price of 50p/metre.

The club is getting better results in the RSGB VHF contests this year thanks to more members participating.

Our club e-mail address was successfully hacked so the password was changed.

We have also been getting phishing messages trying to hack our web pages so beware.
